Programme Overview & Key Licence Terms

About the YFLC Model

The Yes Futures Licensed Coach programme recognises and supports independent youth coaches who share our mission to help young people believe in themselves. Licensed Coaches operate independently while upholding Yes Futures' standards and values.

Core Components

- 1. Training & Standards** – Four live training sessions (Dec–Feb) covering youth coaching practice, the Yes Futures model, engagement and motivation, and the wider youth context. Completion is required for accreditation.
- 2. Peer Support & Community** – Quarterly reflective sessions, peer learning, and networking events.
- 3. Resources & Materials** – Access to Yes Futures' proven coaching frameworks, session plans, and templates.
- 4. Brand & Endorsement** – Use of the "Yes Futures Licensed Coach" title, logo, and digital badge, backed by a national youth development charity.
